To fix the “Object error” message in Cardinal Station

On your Internet Explorer window, click on ‘Tools’ and then click on ‘Internet Options’.

On the next window, click on the ‘Security’ tab and then click on ‘Trusted Sites’. Then click on the button ‘Sites’.
On the next window, type `https://*.cua.edu` and click ‘Add’.

You should see `https://*.cua.edu` under Websites. Then Click ‘Close’.
Ensure your slider is set at **Medium-low** and then click ‘**OK**’. If you do not see the slider, click on **Default level**.
